EDUCATION

BANGLADESH UNIVERSITY OF ENGINEERING & TECHNOLOGY
Computer Science & Engineering
Expected Nov 2025
Dhaka, Bangladesh

LINKS

Github:// munimthahmid
LinkedIn:// munim-thahmid
Codeforces:// Kiteretsuu

SKILLS

Languages
C++, Python, Java, Javascript, C
Web Technologies
HTML, CSS
Databases
Oracle, PostgreSQL
Frameworks
Django
Testing Frameworks
PyTest
Concepts
Object Oriented Programming, Software Design Patterns, Unit Testing
Others
WordPress
Operating Systems
Windows, Linux

ACHIEVEMENTS

- Problem Solving - Codeforces Highest Rating (1271).

PROJECTS

CRICITUP - HTML,CSS,Javascript,Django,Oracle
- Built a web app that simulates a cricket database such as Rankings with live rank updates every time new data is inserted, creating your dream11.

TALKGPT - Python, OpenAI API, PyTest

- Built a simple interface as part of the project from CS50P that takes voice command and provides the answer leveraging ChatGPT API, can also generate images using Dall-E API.

MOVIEDB -Java, JavaFX, CSS
- A simple movie database system using JavaFX and Java networking.

CERTIFICATIONS

2023   Harvard CS50- Introduction to Python

COURSEWORK

Structured Programming Language
Object Oriented Programming
Numerical Methods
Data Structure & Algorithms
Database
Technical Writing
Compilers
Microprocessor, Microcontroller & Embedded System
Microcontroller Design/Interfacing
Digital logic Design
Software Design Patterns
Compilers
Data Communication
