EDUCATION

BANGLADESH UNIVERSITY OF ENGINEERING & TECHNOLOGY
Computer Science & Engineering
Expected Nov 2025
Dhaka, Bangladesh

SKILLS

Languages
Python,Java,C,C++,javascript
Web Technologies
HTML,CSS
Databases
Oracle,PostgreSQL
Frameworks
Django
Testing Frameworks
PyTest
Concepts
Object Oriented Programming, Software Design Patterns,Unit Testing
Others
Wordpress

OPERATING SYSTEMS
Windows • Linux

PROJECTS

TALKGPT - Python,OpenAI API,PyTest
- Built a simple interface as part of the project from CS50P that takes voice command and provides the answer leveraging ChatGPT API, can also generate images using Dall-E API

CRICITUP - HTML,CSS,Javascript,Django,Oracle
- Built an webapp that simulates a cricket database ex. Rankings with live rank update everytime new data inserted, creating your own dream11

MOVIEDB -Java,JavaFX,CSS
- A simple movie database system using JavaFX and Java networking

CERTIFICATIONS

2023   Harvard CS50- Introduction to Python

COURSEWORK

SOFTWARE
Structured Programming Language
Object Oriented Programming
Numerical Methods
(Python)
Data Structure & Algorithms
Database
(Oracle)
Technical Writing
(LaTeX)
Compilers

HARDWARE
Microprocessor, Microcontroller & Embeded System
Microcontroller Design/Interfacing
Digital logic Design
